## Part B or Part D Coverage

Items that could be covered under your Part B or D are marked with a “★”. When an item is covered by Part B or Part D due to your particular circumstances, you would not use your OTC benefit to obtain the item. That’s because it is Medicare-covered in those circumstances, and not part of your OTC benefit. For example, gauze may be covered under Part B when it is being used as prescribed, to perform surgical wound dressing changes.

## Eligible Items

**Eligible Items:** Each eligible OTC item is either a medicine, ointment or spray, or used for treatment of a condition which is addressed by a medicine, ointment or spray, which has active medical ingredients. First aid supplies including bandages, dressings, and non-sport tapes are also eligible. Non-eligible items will not be covered.
